

# BUTTERFLY PAVILION *Private Events*

## Corporate Meetings, Receptions, Symposiums, Product Launches & Team-Building

Butterfly Pavilion is a one-of-a-kind venue that features everything from versatile indoor and outdoor spaces to immersive experiences that will uniquely engage your attendees. Create team-building activities, annual meetings, receptions, celebrations and after-hours parties to capture your corporate gathering goals.

### Butterfly Pavilion boasts versatile event spaces:

**Entire Facility:** For a truly magical experience, rent the whole facility starting at 5:00 p.m. This unique opportunity allows your attendees to exclusively enjoy every square inch of the facility. Colorado Backyard, Survival, Water's Edge and Wings of the Tropics are additional exhibit areas that can be part of your corporate event programming — staffed with knowledgeable and engaging interpreters who will educate and inform your team members.

**Wings of the Tropics Conservatory:** Our 7,200 square-foot tropical rain forest is home to 1,600 butterflies from around the world. This fantastic space features winding pathways, gorgeous flowers and trees — over 200 different species. Include this area for your attendees to network and relax while enjoying the beautiful, peaceful setting.

**Colorado Backyard:** This large, immersive, indoor exhibit connects guests to the rich and diverse life surrounding us and inspires a greater commitment to conserving all our natural treasures in Colorado and beyond. Attendees can network while learning more about the animals and ecosystems in our backyard. This ample space has lots of areas for food, beverages and entertainment for any event.

**Monarch Hall:** This 1473-square-foot, fully-customizable space boasts hardwood floors and three (3) large windows overlooking the outside Discovery Gardens. In fact, it is mere steps from the outdoor Garden Terrace. The open floor plan and neutral colors are perfect for décor and, with our vendors, you can create a one-of-a-kind event experience!

**Discovery Gardens:** Enjoy the look and feel of an English garden complete with a babbling brook, lily pad pond, a variety of seasonal flowers, lush foliage, two (2) gazebos, and an amphitheater. The beauty of the floral landscape is breathtaking, and a multitude of seasonally-changing blossoms provides the perfect backdrop for outdoor garden events. Nestled in the gardens is a cement patio perfect for any event.

**Garden Terrace:** Featuring large, potted florals and two (2) fire pits, this large, concrete patio is the perfect spot for events under the stars. Further enhance this area with tenting and ambient lighting.

**Dragonfly Gazebo:** Our large gazebo offers a secluded, garden-like setting surrounded by lush foliage. Beautiful, filtered light is natural for early-evening events. Enhance and illuminate this structure with twinkle lights – a gorgeous backdrop for a lounge area or tables for your attendees to gather and enjoy.

**Lily Pad Gazebo:** Our small gazebo is the perfect size for a unique food or beverage station or a fun photo booth with the beautiful landscape of Jefferson County Open Space as a backdrop.

**Amphitheater:** With coniferous trees as the background, form and function intersect to provide a unique, outdoor space for team-building meetings, performances, presentations, and social events. The amphitheater seats 70 comfortably and is accessible by attendees on foot or by wheelchair along compact-gravel paths.

**West Lawn:** This large grass area is a blank canvas and can be programmed for private events, or as another area for outdoor dining and activities for your attendees. An ideal location for additional tented areas.

**Armando’s Room • Rosie’s Room**

Our private meeting rooms work well for break-out sessions, one-on-one or team meetings, or storage.

**All events with a minimum venue rental of \$1,800 include:**

- Onsite Venue Manager
- Tables & Chairs (up to 145)
- High-Speed WiFi
- Projector & Screen

- One-Hour Onsite Consultation
- Prep Kitchen
- Professional-Grade Sound System
- Complimentary Parking
